

Player Of The Week

Coach Burke has selected Senior Tackle Vic Venos player of the week for his fine play both defensive and offensive.

On two of the TD runs against Palm Beach, Vic threw key blocks down field to break the runner free. Vic has been a consistent performer all season. Vic is a new student and has adjusted well to the new system here. Vic is an honor roll student and well liked by all.

Jaycees Park

Lions Hear Report On Prison Activity

Mr. Garrie Curlee, Supt. of Glades Correctional Institution, spoke to Lions at their Wednesday luncheon meeting on the activities at the Glades Institution.

Beginning his talk with a brief history on penal institutions, Curlee said that of the 7,187 inmates as of September 1, 1963 in Florida institutions, 2,867 were in Rialto, 474 here, and the balance scattered about in small institutions throughout the State.

The Glades institution, with facilities for 500, is running near capacity, he said. Inmates are given a change to learn a trade as well as further their formal education by attending night school. A regular chaplain is retained for religious education of inmates as well. "There is every opportunity for the men to improve themselves if they desire to take advantage of courses offered," Curlee said. "Some 40 to 50 year old men are learning to read and write while serving sentences."

Curlee reported that inmate returns had been reduced 15% since he took office as superintendent.

A comparatively new project of the development of 4800 acres of land near 21 mile bend. This is in addition to the 2400 acres in pasture and agriculture farmed locally.

During the week Lion members have been selling tickets for the Opera Lyric Production "Blossom Time" which will be presented by the club this Saturday night, Nov. 16, 8 p.m., at Belle Glade High School Auditorium.

Western Union Rates Up For Intrastate

Western Union message rates were increased eight to ten percent effective November 1, by order of the Florida Public Utilities Commission released today.

The order confirmed a decision announced by the Commission at a public hearing in Jacksonville October 23, when Western Union said it cost \$170,877 on its intra state rates in 1962.

Revenues will be increased \$100,000 a year by the new rates said Commission Chairman Edwin L. Mason. Regular message service charges are about ten percent above the old schedule, and commercial and news rates are about eight percent higher.

The Western Union said the new rates on messages within Florida are the first since 1954. The rates are subject to future changes and have been approved in 43 other states.

Rams Batter Wildcat 27 To 6; Run String To 21 Record Games

By Dale Hilburn
Belle Glade Rams remained as number 1 in the conference with a 27 to 6 win over Palm Beach here Friday night. The Rams also tied the conference record of 21 games played without a defeat set by Seacrest in 1961.

Friday night Belle Glade turned loose two powerful halfbacks and a strong line while running over former Coach May and the Palm Beach Wildcats. John Causey scored twice on runs of 37 and 54 yards and Charles Thompson scored one touchdown and passed to Johnny Dell for another touchdown.

The running of Buckey Holt and John Causey kept the Wildcat upset throughout the ball game. Causey was the leading ground yardage passer with 172 yards in 12 carries for an average of 12 yards per trip. Buckey Holt picked up 70 yards on 12 carries.

Rams Batter Wildcat 27 To 6; Run String To 21 Record Games

Charles Thompson completed 2 out of 3 passes good for 42 yards and one touchdown and Don Wilkinson completed 1 of 2 attempts for 15 yards. End Johnny Dell caught 2 of the passes and Fullback Roy Hayes caught the other one.

Coach Burke was again pleased with the work of his tackles Jim Johnson and Vic Venos. Each week the opposing runners are finding the tackle slots are hard to gain ground thru. Also outstanding on defense were Roy Hayes, Johnny Dell, Arce Salvador, Hughie Jones, and Don Wilkerson. Coach Burke was also happy with the play of Gary Walker as a defensive half back. Dewey Jones showed power in grounding out 32 yards on 4 carries up the middle Friday night.

This week the Rams travel to Fort Pierce for a game that the Rams must win in order to stay No. 1 in the conference.

PCA Vice Pres.

Geo. Wedgworth

Reports On Meet

"The capital requirements in agriculture have more than doubled during the last decade and continue to increase," according to George H. Wedgworth of Belle Glade, Florida, Vice President of the Farmers Production Credit Association who has just returned from attending a PCA Directors Institute in Jacksonville, Florida.

Effective ways of PCAs to keep credit service geared to the changing needs of farmers were emphasized during the Institute; and Directors were presented the modern methods of management adapted to the responsibilities and functions of PCA Directors," Mr. Wedgworth said.

He said program topics included (1) Principles of General Management, (2) Conducting Effective Board Meetings, (3) Building and Maintaining a Strong Membership Organization, (4) Principles of Short-Range Planning, and (5) Management Controls.

"The farmer owned and operated Farmers Production Credit Association has 448 farmer-members, 45 of which were new members during the past year, and extended \$13,185,000 in capital purpose and operating credit to farmers and growers of the area last year, according to Mr. Wedgworth.

The Farmers Association, of which Mr. Wedgworth is Vice President, makes short and intermediate-term loans to farmers and growers in Broward, Collier, Dade, Palm Beach, Indian River, Martin, St. Lucie, Monroe and Okeechobee counties with principal office in Miami, Florida and field offices in Belle Glade and Vero Beach.

The Bank of Belle Glade

With an additional mill installed and additional clarifier, for efficiency, and a total average daily capacity of 6,000 tons, the Glades Sugar House begins grinding Friday, November 14th on an estimated 630,000 tons of cane belonging to 56 Glades farmers. The grind is expected to last approximately 150 days.

The normal 150 starting employees of the mill are shaping things up for the Friday grinding, and 1,450 employed in the agricultural efforts of the Co-op.

These employees of the Co-op do not include the hundreds employed by the farmer to plant, fertilizing, cultivation and making ready the crop for harvest.

The \$3 million-plus value of the crop, will leave in the community some \$212 million in wages, and an estimated equal amount spent locally for services, efficiency, and a total average daily capacity of 6,000 tons, the Glades Sugar House begins grinding Friday, November 14th on an estimated 630,000 tons of cane belonging to 56 Glades farmers. Kidnapped Child Returned To Mother

"Cause The FBIs Wuz After Me"

According to her story, Alice Mae Jones just wanted a baby, and didn't have one of my own "C" with the story that the FBIs were after her. So, she thought maybe it would be better to bring the child back, which she did on Monday.

She calmly went about her business of packing to leave, but the police arrived, following a phone call from the mother. Alice Mae is in custody of the county.

Actually, the FBIs has no jurisdiction in such a case, until after 24 hours elapse of time, when it is presumed that a state line will have been crossed.

Reports are that the baby was apparently no worse for the ordeal to her normal daily routine.

Chairman Van Kessel of the County Commission, reported to the Rotary Club at its last meeting on the County's participation in the World's Fair.

"The agency with which we are working has suggested that the County booth, which will include each municipality in the county, be arranged so that we will have a captive audience, said Mr. Van Kessel.

A globe or circular enclosure will be gated, so that when a group enters, a show of two minutes duration is provided in a panorama which revolves.

The attractions of the County will be given by word and picture the item on which communities will be available.

A card questionnaire will be furnished for visitors to indicate the item on which they want information. These cards will be directed by the county organization to the particular community about which the request is made.

UNCLE DAN says:

Dear Mister Editor:

I reckon it's natural for a feller that's gitting old and coming down to the sunset of his days to ponder over the future which one eye on the past and not get too excited over either one. When a man is approaching the 3-score-and-10 marker he sorter takes ever day as it comes.

As a general rule, that ain't true of his old lady. She goes to bed ever night knowing tomorrow will be better. But the wimmen folks ain't very practical in these matters.

What brings this to mind was a piece I was reading yesterday from the U. S. Department of Agriculture where power wheelbuses has replaced 21 million horses and mules on the road and on the farm in the last 35 year. Piece went on to say this had "saved" 65 million acres of land that was needed in hay for these horses and mules.

You will recollect here a while back that Senator Williams reported the Department of Agriculture spent \$1.1 billion in tax money in 1962 to farmers for taking 54 million acres out of farm production. And on account of this being hard on the time and fertilizer business, the Government had to pay them boys 208 million.

We pick up 65 million hay acres and spend \$1.1 billion getting 54 million acres of it took out of farm production.

Now I ain't hankering, Mister Editor, to go back to the old days when my Pa took us to preaching in a 2-horse surrey over roads that was knee-deep in mud. And I ain't about to swap pushing the starter on my tractor for hitching a stubborn mule to a singletree and plow.

But I'm just mentioning these figures to show how a old codger like me looks both ways. Incidental, I'd feel better about them 65 million hay acres if the feller writing that piece hadn't called 'em "saved" acres. But, in a manner of speaking, I reckon they was saved—saved for the Soil Bank.

Talking about land, Ed Doolittle said he was over in another county the other day and saw a sign where a feller had it posted this way:

No Huntin
No Fishin
No Nothin
Ed allowed as how that was what he'd call a very unfriendly landowner.

Well, Mister Editor the political ramblings for 1964, both in the primaries and general election, is starting to rumble. For the next 12 months, to hear them candidates talk, they won't be nothing too good for "the common man."

Yours truly,
Uncle Dan

Operetta "Blossom Time" Nov. 16**

Virginia Mayes, Gladys Taubman and Judy Bell, in Act I, "Blossom Time", to be presented at the Belle Glade High School Auditorium, Saturday, November 16 at 8 p. m.

School Schubert's unforgettable melodies will ring for the first time in Belle Glade when the Lions Club of Belle Glade sponsors the opera Lyrica company, presenting a charming 3 Acts Operetta "Blossom Time" at the High School Auditorium, Saturday, November 16, 1963 at 8:00 p. m.

The delightful, light operetta in the adaptation of popular Sigmund Romberg still reigns among the operettas all over the world because of its entertaining light musical numbers and hilarious story. The play takes us back to 1818 old Vienna, and is an actual episode of the life of Franz Schubert, the great composer.

Songs like the well-known "Serenade," "Longing," "Oh Woe."

Interact Organized Belle Glade Meets Ft. Pierce

On October 29 there was an organizational meeting of the Interact Club. Twenty-two boys were present. Four boys from the West Palm Beach Interact were guests at this meeting. The four guests worked as a panel and answered questions about the club. Interact is a local and National Service organization.

The boys proceeded to adapt the proposed Interact constitution and elect their officers. John Caussey was elected President. The office of secretary was filled by Skipper Scheppert who will be the busiest boy in the club. The next office in line is treasurer to which mathematically — minded Ron Halbrook was elected. John Sheehan was elected chaplain and Rafael Aljman was elected as sergeant of arms.

The citizens of Belle Glade can be looking for many improvements in the community as well as the county since the organization is filled with a fine group of boys.

F. H. A. District Reporter Elected From Belle Glade

Miss Karen Dexter, freshman of Belle Glade High School won the honor of being elected as F. H. A. District reporter, November 2 at the F. H. A. district convention.

Karen was born June 14, 1949, at Pahokee, Florida. Karen is active in the Pep Club, F. H. A., and is a member of the emms team. Her main interests are sports.

To be elected, candidates had to do certain jobs pertaining to their office, as a project. Also the candidates had to give speeches in front of the assembly of 840 girls. Every club represented had 2 voting delegates which elected the girls.

The best of luck goes to Karen as she fulfills her job as district reporter.

Twenty-five thousand students from all over the United States and several foreign countries visited Florida's Silver Springs last year and rode the famous Glass Bottom Boat.

College Day

Many Seniors and Juniors from B. G. H. S. attended the College Day program held at Palm Beach Junior College Saturday Nov. 9, and found it very helpful. Not only was it helpful for the students but also for principals and guidance personnel. They too, had conferences with the college representatives and later heard Fred O. (Bud) Dickinson speak on "Public School Education" at a luncheon held in the school cafeteria. This was all done in the morning prior to the one o'clock arrival of the students.

Formerly College Day was held just between Belle Glade and Pahokee High Schools. Now ever, the Palm Beach County Guidance Association, in an effort to improve the program, decided to consolidate College Day for all high school students in Palm Beach County. Indeed, it was improved. There were representatives from such colleges as: The U. S. Naval Academy, Princeton University, Georgia Technical Institute, and Wesleyan College.

The entire program was co-ordinated by Dean Paul Glynn of P. B. J. C. Congratulations should be sent to him and the Guidance Association for their successful efforts in improving the College Day program in Palm Beach County.

Uniform Fund

The Belle Glade High School band sold candy to raise money for the desperately needed uniforms. Fred Stevens, director, announces that the group made 3 hundred and twenty seven dollars. This is only one of the projects which the band will use to raise the seven thousand dollar goal. The three top sellers were Buddy Bender, Catherine Holton, and Bill Fuller.

Mr. Stevens also announces that the new uniforms should arrive in February.

Guess Who?

There's a boy with bright brown eyes, Always running, never organized. With the ringing of the bell, He starts singing, oh, so well! On the football team he is the center, Captain Richard is a winner. With all the girls in our school, He really knows how to play it cool. His work comes first and then, his play, and after that there's no more day. DICK WILLITS

Holiday

On Monday, November 11, the students and the faculty of Belle Glade High School took a vacation from their everyday routine to observe Veterans Day.

Veterans Day commemorates the courage and patriotism of all men and women who have served in the United States armed services.

Tough Enough

Ram Pageant dance Huge Success

The 1963 Ram Pageant Dance was sponsored by the Science Club last Friday night in the cafeteria after the Belle Glade - Palm Beach game.

Carrying out the theme, wide strips of blue and gold crepe paper on the stage were flanked by diagonal streamers, which focused attention on the huge Belle Glade High crest made of tissue paper. Lighting effects were achieved by a r-sting multicolored light disk. An ultra-modern juke-box played popular music for the dances.

The comment was heard that this was the best decorated dance this year.

Thanks to the Science Club for their hard work.

A Fall Day

By Kay Williams

Gazing from the window, I saw a crackling paved road which looked like old china, that had seen many years of use. On one side of the road was a lawn that looked as if a painter had spilled green and brown paint upon it. Sprinkled on the lawn were tired and sent palm trees that looked like tooped men. Signs of winter appeared everywhere.

On the other side of the road was a canal, lined on both sides with weeds which swayed in the wind as if keeping rhythm to a song. The water was as calm as a baby's sleep. Breaking the silence, cars whizzed by like bees going to the hive.
